# Defining A Legacy

**Welcome to our 29th Annual On-Property Bull Sale to be held on Monday 10th March 2025 at 1.00pm WST.**

The Introvigne family continues to build a legacy for future generations. Rob and Mike have applied the same principles as their parents: a legacy built on hard work, patience, dedication and an unwavering and passionate commitment to agriculture. With the next generation firmly committed to the same philosophy the legacy is set to continue and grow.

So it is with great pride that we again offer an exciting line of sires that continue the tradition of providing the industry with remarkable potential. Each year we say this is the best offering we have offered and if we are doing our job so it should be. What we will add to that statement is that our 2025 offering has the most depth and evenness of any we have presented, and we believe you won't find better anywhere no matter what breed. The lineup also includes 31 sires suitable to use on heifers.

Phenotypically flawless is a bold statement but this lineup displays what our breeding philosophy is all about. This has been built on a cow herd that has a consistent phenotype and is complimented by shrewd sire selection to optimise industry leading sires that will deliver for any market segment.

These sires display what sets them apart from the pack: sleek coats, thickness, structural veracity, carcass integrity and performance as a weaner, grass fed yearling or in the feedlot.

They will also pass on maternal excellence to their daughters providing the industry with the most profitable cow when crossed with Angus. Hybrid vigour and maternal hybrid vigour has been ignored by the industry for far too long. Hybrid vigour has propelled the chicken, pork and sheep industry to new heights but still the beef industry buries its head in the sand. These claims, about hybrid vigour, have been proven by science many times over but still falls on stubbornly deaf ears.

Bonnydale's investment in genetics continues with new calves on the ground by USA sires TJ Gold Rush 506K and Ruby's Quadrant 210K and homebred sires Ultimate and Ulysses.

We have also secured a share in a new Triangle J Simmentals sire and continue the search for other sires. With the aid of long-time associate Willie Altenburg and our alliance with Triangle J Simmentals, we believe we have an unprecedented advantage when sourcing new genetics.

The 2025 lineup includes 6 sons of Bonnydale Rock N Roll who sired the top price bull at \$27,000 in 2023.

The new highly rated sire Bonnydale Top Gun features 9 exciting sons. Bonnydale Dividend R43 has 4 sons with a significant number of sons also heading to Queensland. New on the scene is OMF Epic a USA AI sire with 7 solid performing sons selling.

Bonnydale Revenue who sired Bonnydale's record price of \$41,000 in 2024 has four high calibre sons on offer. Then there is TJ Gold whose sons turned heads in 2024 and has 12 on offer this year. In the Simangus line-up, Bonnydale Broadstrike has 9 of 16 on offer: such is the calibre of his progeny.

In 2024 Luke Bowman, Director of SimGenetic Development for the American Simmental Association visited with his father and provided us with this humbling message.

*"Thank you for the kind email, but the pleasure was all ours. Your program is magnificent. Your hard work, incredible scenery, quality genetic selection, remarkable husbandry and more, make Bonnydale one of the most impactful operations I have ever witnessed. It is a pinnacle herd in my personal and professional opinion. And my father has talked about the operation ever since".*

All bulls come with Parent Verified pedigrees, Genomic Enhanced EPD's, Immune Ready Protocols and unsurpassed after sales service and guarantee.

Inspection of bulls prior to sale day is welcome at any time: please phone Rob on 0427 644 082 or Connor on 0467 663 002.

We look forward to you joining the Introvigne family on Monday 10th March 2025 for lunch prior to the 1.00pm sale start.

*Regards*
